Stunning Intelligence

PGM-FI
FUEL INJECTION

HET Engine with eSP Technology
 The intelligent HET Engine with eSP Technology maximises the efficient combustion and minimises friction to optimise energy output. Integrated with Honda's unique ACG starter, it starts the engine jolt free with a refined sound. Overall, it delivers unmatched performance and contributes to a cleaner environment.

Silent Start with ACG
 The innovative ACG starter of the new Grazia 125 starts silently by discarding gear meshing. Other than the silent start, it also reduces engine maintenance.

The intelligent sensor based PGM-FI system injects the engine with optimum fuel and air for ideal combustion. This provides consistency in power along with great mileage.

GRAZIA 125

Stunning Comfort

Integrated Pass Switch
The extraordinary passing switch allows you to pass signals on a low/high beam while riding.

External fuel Lid
No more hassle of lifting your seat. Refuel your Grazia 125 without getting off.

Redesigned Glove Box
The new design of the front glove box is made from premium quality material. It is now more stylish, convenient, and spacious.

GRAZIA 125

Stunning Comfort

Multi-Function Unit
Safety for scooter and convenience for you brought together in one compact console. It makes opening the under-seat storage and external fuel lid quick and easy.

Telescopic Suspension
The telescopic suspension of Grazia 125 gives more cushioning and less shock when you are on the go. The front 90/90-12 tubeless tyre provides better mobility, sturdy road grip, and brilliant handling.

Front Disc Brake
Grazia 125 is designed to give you control at all speeds. With its front disc brake, it gives you added braking power and more confidence at every turn and crossing.
